PROFILE

Hello, I am Dylan, based in South Liverpool. UK. I Have just recently completed The Code Nation Develop: Coding course and I have applied to enter the master's Course. I am looking to start a new career path after being made redundant from my previous occupation as an Audio/Visual Rental Operations Assistant.

I have Several years' experience as a Warehouse Manager and experience in Operations in the Live Music Rental Industry.

The Develop: Coding Course has introduced me to new language coding such as Python, HTML and CSS along with using systems like Kanban and Trello and connectivity programmes such as Slack, Zoom, codeshare and GitHub.

EXPERIENCE

Adlib

Video Operations Assistant | Jan 2020-Sep 2020

- Assisting the Department Head on daily tasks such as managing use of Visual equipment, making sure all equipment is available and when not then Sub Hires are in place communicating with several AV companies.
- Checking in with the service department to make sure all faulty Visual equipment is scheduled to be fixed before certain dates and tours.
- Overseeing the Video Warehouse to make sure all equipment has been prepped and de-prepped properly.
- Having daily Meetings with the office and warehouse to make sure all equipment is accounted for and ready to go out with engineers to conferences, concerts, tours etc.
